1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/10/2003 and 3/26/2004 have been entered.

2. Claims 44,48-53,55 are under consideration.

3. The rejection of claims 54 and 47 under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention for the reasons elaborated in the previous Office Action, paragraph 3 and 4 is withdrawn in view of the cancellation of said claims.

4. Claims 44,48-53,55 stand rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention for the reasons elaborated in the Office Action mailed 5/9/2003, paragraph 4.

Regarding applicants comments, the Helm declaration filed 11/10/2003 would overcome the pending rejection if it was resubmitted in signed form with the following statement.

"I declare further that all statements made herein of my knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon."

The MPEP section 716.02(g) states:

716.02(g) *Declaration or Affidavit Form*

Art Unit: 1644

*"The reason for requiring evidence in declaration or affidavit form is to obtain the assurances that any statements or representations made are correct, as provided by 35 U.S.C. 25 and 18 U.S.C. 1001."*

5. The rejection of claims 44,47-54 under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention as enunciated in the previous Office action is withdrawn in view of the amended claims.

6. The abstract of the disclosure does not commence on a separate sheet in accordance with 37 CFR 1.52(b)(4). A new abstract of the disclosure is required and must be presented on a separate sheet, *apart from any other text*.

7. Applicant needs to update the status of application 08/446760 disclosed in the first page of the specification.

8. The section heading "Brief Description of the Drawings" should be inserted in page 9 of the specification before the description of figure 1.

9. No claim is allowed.

10. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ron Schwadron, Ph.D. whose telephone number is 571 272-0851.
